

HARVIA VIRTA PRO

HLS220400

The Harvia Virta Pro heater provides ample heating power for saunas in spas, hotels and apartment buildings, for example. Thanks to its strong construction, heating elements divided into two groups and exceptionally easy maintenance, the Virta Pro heater is an excellent choice for heavy duty use. The streamlined and stylish heater always provides even the most demanding bathers with a pro-class sauna experience. Reliable quality by the world's largest sauna heater and stove manufacturer.

Advantages

- A reliable heater with sturdy structure for large saunas and professional use
- The large number of stones guarantees soft and abundant steam. Efficient air circulation heats the sauna very quickly
- Sleek and modern design
- The heating elements are separated from the stones, which results in a long heating element life span
- The maintenance hatch on the front enables quick and easy maintenance without touching the stones
